

bioForce PLUS

Commerical Strength Bacterial Waste Liquefier

DESCRIPTION

bioForce PLUS™ utilizes the powerful waste digesting abilities of special bacteria. This blend of bacillus bacteria strains (facultative anaerobes) are cultured for their superior ability to digest and liquefy all organic waste – **quickly, efficiently and without odors!** Works to eliminate drain blockages, odors and prevents grease from accumulating in drain lines and tanks.

The multi-enzyme producing microbes work quickly to break up grease, fat, starch, carbohydrates, and plant fiber waste, reduce sludge build-up and lowers the BOD in the effluent wastewater.

bioForce PLUS™ is ideal for use in grease traps and distribution boxes. Add **bioForce PLUS** during the time when drains are the least active to establish a strong bacteria population that will continuously work to keep your grease traps free flowing. Regular injections are recommended to maintain peak effectiveness.

APPLICATIONS

For use in:

- Grease Traps
- Drain Lines
- Distribution Boxes

<u>Area</u>	<u>Dosage</u>	<u>Frequency</u>
Drain Lines	2oz per inch diameter of drain	weekly or as needed
Grease Trap	Up to 500 gallons	8 to 10 oz. daily or as needed
	501-1,000 gallons	18 to 20 oz. daily or as needed
	1,001-1,500 gallons	40 oz. daily or as needed

BENEFITS

- Grease digester and waste degrader
- Eliminates organic waste and odors
- All natural – safe to use
- Reduces accumulation of grease in the tanks and drains
- Environmentally friendly
- Non-toxic
- Non-caustic
- Non-corrosive

PACKAGING

bioForce PLUS™ can be private labeled and packaged for sale as your own private brand.

- 4 gallons per case
- 5 gallon pail
- 55 gallon drum

bioForce PLUS

Commercial Strength Bacterial Waste Liquefier

TECHNICAL DATA

TYPICAL PROPERTIES

Appearance	Tan liquid
Fragrance	Pleasant mint fragrance
Shelf Life	2 years
Flash Point	None

OPTIMAL PERFORMANCE RANGE

pH	6.0-9.0
Temperature	55° to 105° F

STORAGE AND HANDLING

Storage	Store in cool, dry place
Handling	Avoid inhalation, wash hands thoroughly with warm, soapy water after handling. Avoid eye contact.

BACTERIAL COUNT

BioForce Plus™	500 Billion per gallon
Contents include	Multiple strains of Bacillus spores

Additional Information: Call Chempace at 1-800-423-5350
